Hello

I will have someone go look at it tomorrow. I is not likely associated with CES following EPA's involvement with the site in August 2014.

What makes you think it is associated with the CES Site?

Season's Greetings,

Thank you for attending the EPA's Open House at the Harris County Courthouse December 11, 2014. We appreciate your input and look forward to working with you in the New Year. The Texas Organizing Project submitted several questions for our review. Please see the attached "CES Q&A" document. The Community Involvement Team is eager to improve communication efforts. Please feel free to submit questions, comments, recommendations and contact information for concerned parties.

Respectfully,
